

B&T semi-automatic carbine APC9 PRO G, Cal. 9x19mm

B&T semi-automatic carbine APC9 PRO G, Cal. 9x19mm

The APC9 PRO G is the next evolution of the already existing APC Family. With the ambidextrous non-reciprocating charging handle and its other advanced features, the APC PRO G is the perfect choice for Police Duty and therefore also an attractive weapon for sport shooting.

The G-version of the APC9 uses Glock 9 mm double-column magazines. So one can easily interchange magazines with a Glock sidearm.

Additional Information

Versions of this weapon that comply with country-specific regulations for end users are available. Please contact the B&T Distributor in your country (<http://www.bt-ag.ch/kontakt/distributoren>), within Switzerland the B&T shops.
