

.308 Win. (7,62 x 51 mm)

AP492 10,7 g / 165 gr AP

	DESCRIPTION	WEIGHT
CARTRIDGE	Product code: 4317598	25.1 g / 387 gr (approx.)
BULLET	AP492 Armour Piercing	10.7 g / 165 gr
Jacket: Gilding metal Core: Tungsten carbide	Full metal jacket, hard metal core, boat tail	
CARTRIDGE CASE	.308 Winchester	11.2 g / 173 gr (average)
Brass (CuZn28)		
POWDER	Single or double base powder	2.9 g / 45 gr (approx.)
PRIMER	Boxer type; Non mercuric, non erosive, non corrosive	

TECHNICAL DATA

Identification	Black-coloured bullet tip
Muzzle velocity	860 m/s
	Barrel length 660 mm
Muzzle energy	3957 J
Average pressure	< 415 MPa
Maximum single pressure	< 477 MPa
	Piezo, according to C.I.P.
Accuracy at 300 m (10 rds)	< 120 mm average
	Shot with mfg. test rifle
Extraction force	> 265 N
Armour Piercing	> 15 mm at 100 m
	Steel plate HB400
Rifling twist	Recommended 305 mm / 12 in
Water tightness	The cartridge is hemetic according to NATO requirements

PACKING

4317598

20 rds in a carton box
